Billing policy & fee information

From 16 November 2026

Ochre Medical Centre Wollongong is a privately billing practice. The doctors who consult here are independent practitioners and set their own fees. Bulk billing and discounted fees are offered at the doctor's discretion. These billing arrangements apply to all consultation types, including face-to-face, phone, and video appointments.

Fee payments

Fees are payable at the time of your consultation.

We have systems in place for our friendly team to process your Medicare rebate claims on the spot.

Additional treatment room usage fees

Patients who need to visit our treatment room may be charged a fee for the services they receive in addition to their consultation fee. This fee covers the care provided by our nurses, including dressings, wound care and other procedures.

Results reviews and other services

Procedures and tests may incur additional costs. You will be informed of these in advance.

Vaccines

Vaccines funded by the government (e.g. childhood vaccinations) are provided at no cost (though consultation fees will still apply). Other vaccinations are available at the practice and will incur a cost, which will be discussed with the nurse or doctor during your appointment.

Cancellation policy

If you are unable to attend your scheduled appointment, please contact us to change your appointment time or cancel. We require 4 hours notice for cancellations of appointments. A fee may be charged for repeated cancellations at short notice or non-attendance of appointments.
Please note that this fee is not eligible for a Medicare rebate.
